

After years and many hours of preparation, eFiling is now live in all courts, and we somehow survived. I'd like to thank you all for working with us through this process. Considering the task at hand, I feel we had a nearly seamless transition. I attribute our success to the professional and collaborative partnerships maintained within our legal community.

As I embark on my second year as clerk, I'm excited for the accomplishments we'll achieve in 2014.
